Schedule of benefits**

If this is an ERISA plan, you have certain rights under this plan. If the policyholder is a church group or a government group, this may not apply. Please contact the policyholder for additional information.

Underwritten by Aetna Life Insurance Company in the District of Columbia

Schedule of benefits

This schedule of benefits lists the **deductibles, copayments or coinsurance**, if any that apply to the **eligible health services** you get under this plan. You should read this schedule to become aware of these and any limits that apply to the services.

How to read your schedule of benefits

- You must pay any **deductibles, copayments or coinsurance**, if they apply.
- You must pay the full amount of any health care service you get that is not a **covered benefit**.
- This plan has limits for some **covered benefits**. For example, these could be visit, day or dollar limits.

Important note:

All **covered benefits** are subject to the **plan year deductible, out-of-pocket maximum, limits, copayment or coinsurance** unless otherwise noted in this schedule of benefits below.

How your deductible works

This schedule of benefits shows the **deductible** amounts that apply to your plan. Once you have met your **deductible**, we will start sharing the cost when you get **eligible health services**. You will continue to pay **copayments or coinsurance**, if any, for **eligible health services** after you meet your **deductible**.

How your PCP or physician office visit cost share works

You will pay the **PCP** cost share when you receive **eligible health services** from any **PCP**.

How your maximum out-of-pocket limit works

This schedule of benefits shows the **maximum out-of-pocket limits** that apply to your plan. Once you reach your **maximum out-of-pocket limit**, your plan will pay for **eligible health services** for the remainder of that year.

Plan features – deductible and maximum out-of-pocket

Family	\$0

The in-network **deductible** is waived for all of the following **eligible health services**:

- Routine gynecological exams
- Routine mammography

Maximum out-of-pocket limit

Maximum out-of-pocket limit	In-network coverage
Individual	\$8,225 per year
Family	\$16,450 per year

General coverage provisions

This section explains the [**deductible, maximum out-of-pocket limit** and limitations listed in this schedule.

Deductible provisions

- Your **deductible** may apply to **eligible health services** provided under the medical plan and the outpatient **prescription drug** plan.
- The **deductible** may not apply to certain **eligible health services**. You must pay any applicable cost share for **eligible health services** to which the **deductible** does not apply.

Individual deductible

You pay for **eligible health services** each year before the plan begins to pay. This individual **deductible** applies separately to you and each covered dependent. Once you have reached the **deductible**, this plan will begin to pay for **eligible health services** for the rest of the year.

Family deductible

You pay for **eligible health services** each year before the plan begins to pay. After the amount paid for **eligible health services** reaches your family **deductible**, this plan will begin to pay for **eligible health services** for the rest of the year.

To satisfy this family **deductible** for the rest of the year, the combined **eligible health services** that you and each of your covered dependents incur towards the individual **deductible** must reach this family **deductible** in a year.

When this happens in a year, the individual **deductibles** for you and your covered dependents are met for the rest of the year.

Maximum out-of-pocket limits provisions

- **Eligible health services** that are subject to the **maximum out-of-pocket limit** may include **covered benefits** provided under the medical plan and the outpatient **prescription drug** plan.
- This plan may have an individual and family **maximum out-of-pocket limit**. As to the individual **maximum out-of-pocket limit**, each of you must meet your **maximum out-of-pocket limit** separately.

Individual maximum out-of-pocket limit

Once you or your covered dependents meet the individual **maximum out-of-pocket limit**, this plan will pay 100% of the eligible charge for **covered benefits** that apply toward the limit for the rest of the year for that person.

Family maximum out-of-pocket limit

Once you or your covered dependents meet the family **maximum out-of-pocket limit**, this plan will pay 100% of the eligible charge for **covered benefits** that apply toward the limit for the remainder of the year for all covered family members.

To satisfy this family **maximum out-of-pocket limit** for the rest of the year, the following must happen:

- The family **maximum out-of-pocket limit** is a cumulative **maximum out-of-pocket limit** for all family members
- The family **maximum out-of-pocket limit** is met by a combination of family members
- No one person within a family will contribute more than the individual **maximum out-of-pocket limit** amount in a year

If the maximum out-of-pocket limit does not apply to a covered benefit, your cost share for that covered benefit will not count toward satisfying the maximum out-of-pocket limit amount.

Certain costs that you incur do not apply toward the **maximum out-of-pocket limit**. These include:

- All costs for non-covered services
- Any out of pocket costs for non-emergency use of the emergency room
- Any out of pocket costs incurred for non-urgent use of an urgent care **provider**
- [Amounts received from a third-party **copay** assistance program, like a manufacturer coupon or rebate, for a **specialty prescription drug**]

Your financial responsibility and decisions regarding benefits

We base your financial responsibility for the cost of services on when the service or supply is provided, not when payment is made. Benefits will be pro-rated to account for treatment or portions of **stays** that occur in more than one year. Decisions regarding when benefits are covered are subject to the terms and conditions of the booklet-certificate.
